

Information for Plenary / Keynotes / Oral / Oral Flash speakers & Poster presentations

Speakers Oral Live Q&A

It is recommended that speakers login 15 minutes before the session starts. A waiting room is set up, please wait until you get admitted into the session.

A session is divided in three parts: introduction by the chairman, videos play and live Q&A.

At the end of each oral session, a live Q&A time slot on Zoom is scheduled. Session chair and the speakers should attend. Attendees will ask their questions via the Zoom chat.

The Q&A duration for each presentation will be of:

- 5 min for plenary and keynote lectures
- 3 min for oral standard presentation
- 2 min for oral flash presentation.

The questions will be addressed by the session chair to the speakers.

The speakers should be connected during their presentations at the virtual session. It is highly recommended that the speakers have their pptx presentations available in case needed to answer specific questions from the audience.

Your connection to the Zoom live Q&A session

At the end of each oral session, a live Q&A time slot on Zoom is scheduled. Session chair and the speakers should attend. **Make sure that your first name and last name appear in Zoom when you log in.**

For a more friendly atmosphere, please activate your camera so that attendees can see you. **Activate your camera** (bottom left of the screen)

Someone from Carte Blanche Organisation will be there for technical support. He/she will open and close the meeting. He/she will also record the Zoom chat. You can contact him/her for any technical information.

Posters

Poster session will be available on Whova with a fulltime exposure during the conference (no live sessions). Participants will be able to view the 3 min video and the PDF file of the poster into the agenda.

As a poster presenter, you will receive questions via the Whova chat. Thank you to quickly responding to the questions.
