

# Instructions WasteEng2020 online

## General instructions to use Whova

### General principle

You will receive an email to create your **WHOVA** account in order to access the virtual conference.

### WEB and MOBILE

The platform is accessible from your computer using an internet browser (Chrome recommended) or from your tablet or mobile (IOS and Android).

### AGENDA

Each session will have a specific Zoom link. All Zoom links will be inserted into the Whova Agenda on the scheduled time slot.

Q&A will start right after the presentations of the session. Ask your questions to the speakers via the Zoom chat. They will be managed by the session chair.

The pre-recorded videos will be available after the Zoom live and for 6 months.

### POSTER

The posters will benefit for a fulltime exposure.

You can watch MP4 pre-recorded videos and the PDF file of each poster. 3 poster tracks (P1, P2 and P3) will be available and you can select the posters by keywords, name of authors or paper ID.

You can communicate with the poster authors using the Whova chat.

### ATTENDEES

You can access the list of registered people through the "Attendees" section.

- Complete your profile.
- Contact a participant by sending a message into the application.
- Check his/her bio if available.

### PDF files

PDF files are available in the "PDF" section. You can download them in 1 single click from the Whova mobile app only.

**The platform will remain available for 6 months after the conference.**

### Contact

For any question:
