

## **WasteEng2020: 8<sup>th</sup> International Conference on Engineering for Waste and Biomass Valorisation**

*Featuring "Biomass, Residues, Waste, Renewable Resources to Energy, added-value Materials and Life Cycle Thinking"*

(<http://www.wasteeng2020.org>)

Guelph (Canada), July 13-16, 2020

### **Sponsor information**

#### **Why should you sponsor this event?**

WasteEng2020 is an International Conference of high Scientific and Technical standard dealing with original and prospective themes. Around 400 Specialists from academia, governmental bodies and Industry from about 60 Countries attend this biannual Conference. This event will gather the main stakeholders in the field and provide tremendous opportunities for Companies:

- directly involved in the Energy and Environmental business related to Biomass and Waste
- that use Biomass, Residues and Waste as feedstock for the production of Chemicals, Energy, and Intermediates for Chemistry, Pharmacy and Food industries
- that produce and use renewable resource of energy (Solar, Biomass)
- that develop equipment, processes or service for Energy and Environmental issues
- that promotes circular economy approach and initiatives

In order to help potential sponsors define their contribution, the steering committee would like to propose the following suggestions:

#### **All sponsors will benefit from:**

- Full logo exposure: website (one year before and after the Conference) and hyperlink to the Company website, slide show, Conference documents (abstracts and programme book) and a poster displayed at the Conference
- Advertisement in the documents (half or full-page in color in the programme book)

#### **Platinum sponsor**

Your Company will contribute 10000€ VAT excluded or more. In return, you will benefit from:

- Two free registrations for two employees of the company attending the conference
- A large booth in the conference area
- Awarding 2 "Best paper/poster student Awards" stamped with the name of the Company
- Supporting a Catering (Lunch) and the Gala dinner

The Organizing Committee will draw a particular attention to advertise the Platinum Sponsors throughout the Conference and onward.

#### **Gold sponsor**

Your Company will contribute 7000€ VAT excluded or more. In return, you will benefit from:

- One free registration for one employee of the company attending the conference
- A booth in the conference area
- Awarding a "Best paper/poster student Award" stamped with the name of the Company
- Supporting a Catering (Lunch)

The Organizing Committee will draw a particular attention to advertise the Gold Sponsors throughout the Conference and onward.

#### **Silver sponsor**

Your Company will contribute 5000€ plus VAT or more. In return, you will benefit from:

- One free registration for one employee of the company attending the conference
- A booth in the conference area
- Supporting a Catering (Coffee break)

#### **Bronze sponsor**

Your Company will contribute 3000€ plus VAT or more. In return, you will benefit from:

- A booth in the conference area

#### **Others: Advertising and various supports**

Your Company may wish to put an advertisement item (pens, note books, ...) in the conference portfolio (minimum 250 items) or to put the logo on the conference portfolio, on a sticky note pad... And for any other request, please contact us!

#### **Application**

Request and related information should be sent to [wasteengseries@listes.mines-albi.fr](mailto:wasteengseries@listes.mines-albi.fr).
